Drawings

Drawing sheets 4-14 are to be published in color. A set of drawings in color is enclosed. A copy of the *Petition to Allow Color Drawings* is enclosed (Appendix 1). The Examiner objected to the clarity of Figures 7 - 17 in the drawings sheets in the 11/18/2004 *Office Action*. The applicant submitted black and white drawings in the 02/14/2005 response to the *Office Action* as a courtesy for the benefit of the Examiner in reading the drawings. In the 02/14/2005 response the applicant states that the black and white drawing sheets were not a replacement for the colored drawing sheet originally submitted. (Appendix 2).

Commissioner for Patents

PETITION TO ALLOW COLOR DRAWINGS UNDER 37 CFR \$1.84(a)(2)

Sir:

Enclosed herewith, please find:

- (1) A petition fee (\$130.00) under 37 CFR 1.17(i); and
- (2) Three (3) sets of color drawings.

Petitioner respectfully requests entry of the enclosed color drawings to illustrate the invention because the invention is incapable of being accurately or adequately depicted by black and white drawings. The color drawings represent more accurately and distinctly the layout of the preferred embodiment of the invention and more clearly depict the invention than possible with black and white drawings, thus the color drawings comply with the rule concerning such a showing.

The Commissioner is hereby authorized to charge and credit Deposit Account No. 09-0457, the petition fee as set forth above.

Respectfully submitted,

Date: 6/20/2001

Jack P. Friedman

to the 11/18/2004 Office Action.

Appendix 2

**Drawings Objections**

The Examiner objected to the drawings under 37 CFR 1.83(a), alleging that FIGS. 7-17 “are too dark, and so fail to show contents as described in the specification.”

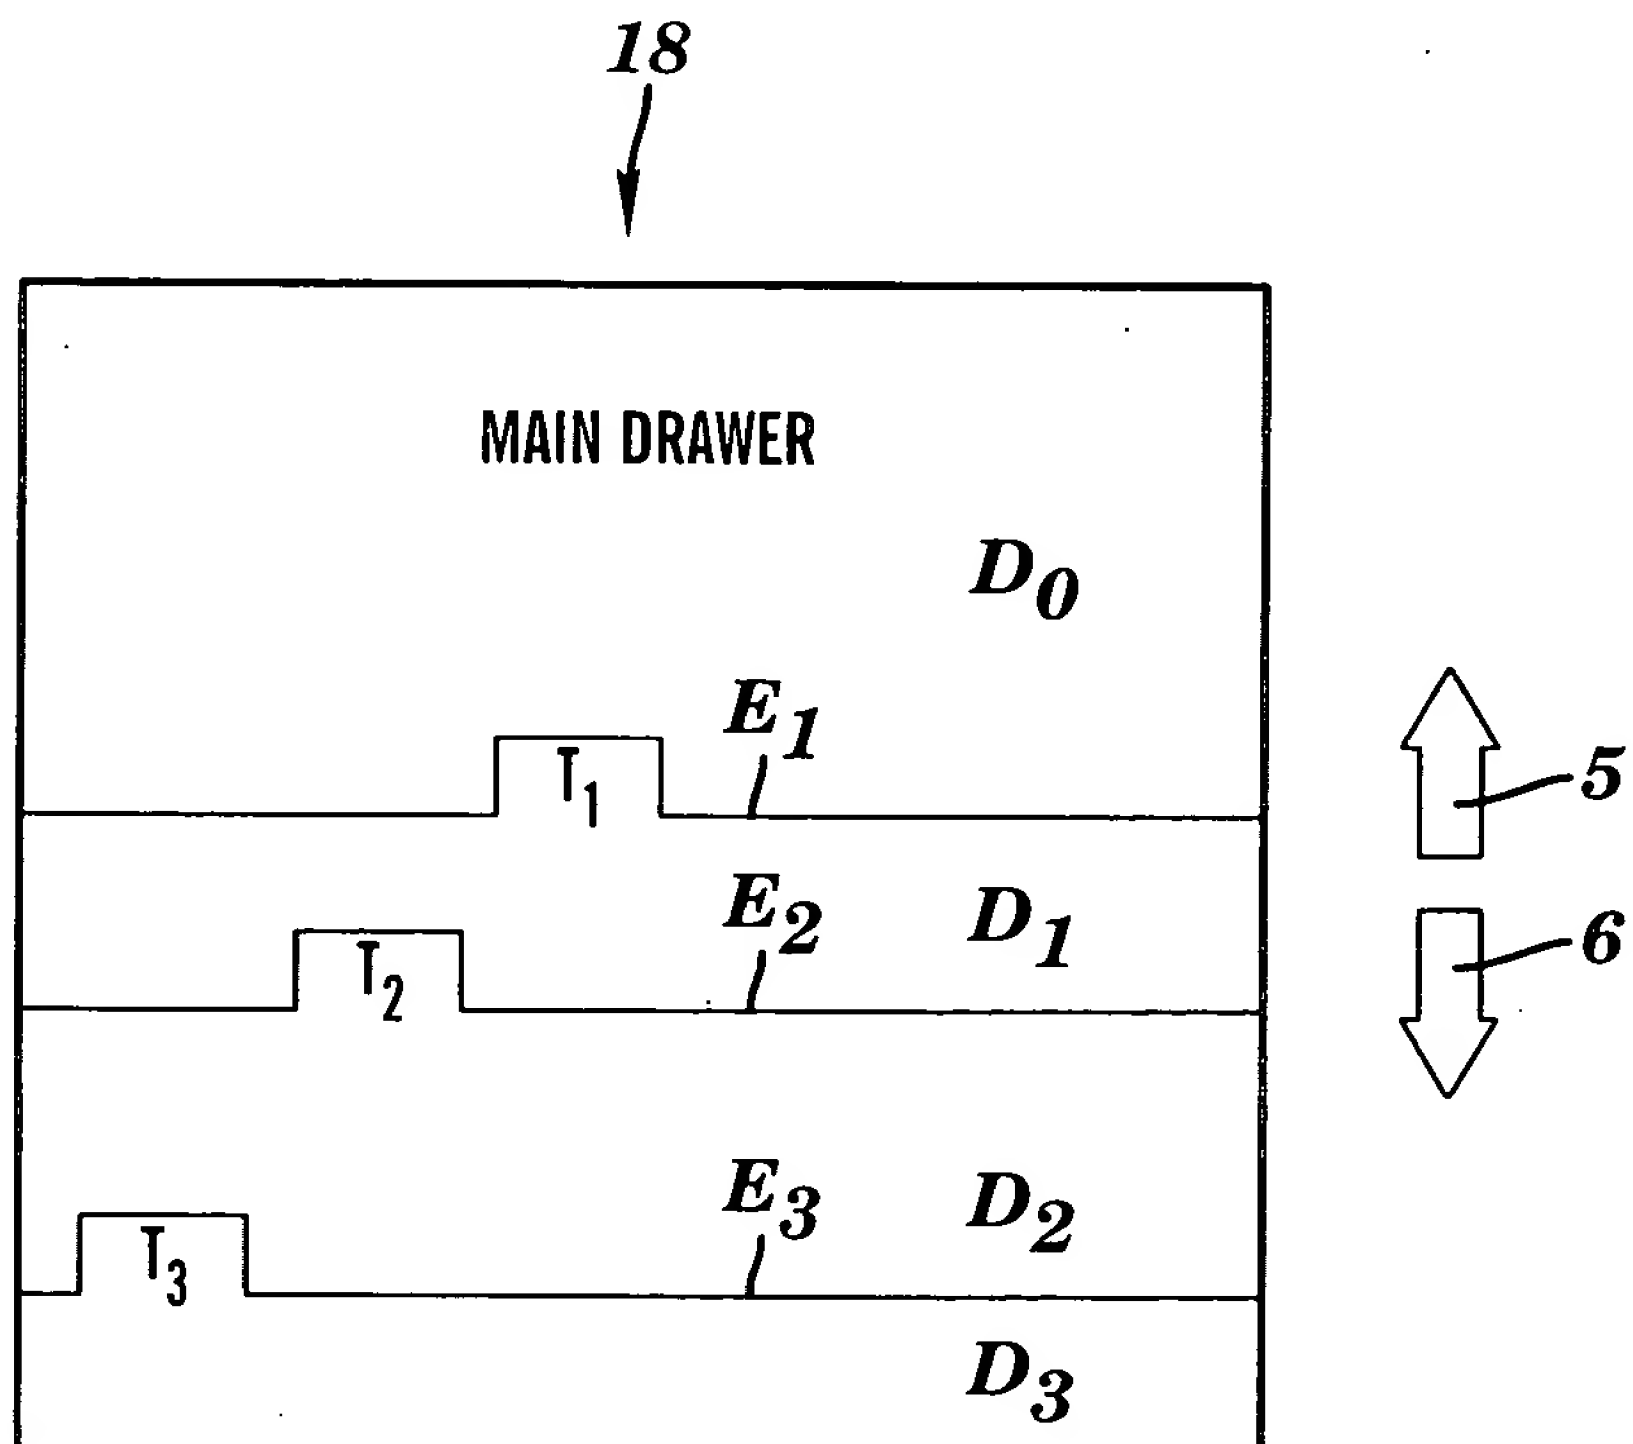

In response, Applicant notes that Applicant originally filed colored drawings and also filed a petition to allow color drawings under 37 CFR §1.84(a)(2). In a telephone discussion on 02/11/2005, Examiner Cong-Lac Huynh and Applicant’s Representative Jack P. Friedman agreed that as an acceptable response to the drawings objections, Applicant will include in the present office action response, an Appendix A comprising a copy of FIGS. 7-17 in black and white in order to make it easier for the Examiner to read the drawings during prosecution of the present patent application. As a courtesy to the Examiner, Applicant is also including herewith FIGS. 1-6 and 18-21 in black and white. Accordingly, Appendix A in the present office action response includes a copy of FIGS. 1-21 in black and white. FIGS. 1-21 in black and white, in Appendix A, are for the convenience of the Examiner and are not replacement sheets for the drawings.
